Dear Chairman Woodall,

As property owners in the Sonoran Ridge Estates neighborhood, we wish to make you aware of our concerns regarding the siting of the planned A.P.S. power lines and associated substation.

We are in support of the proposed plan, which would position the new lines to the east of our community and preserve our cherished views of the White Tank Mountains. It is our understanding that a new substation is proposed to be built within one half mile of our community. Although we do not see positioning it one half mile away as being harmful to our neighborhood, we strongly oppose it being built any nearer to our homes. Given the large amount of vacant land available to build on, we would expect that a new substation would be not be sited any nearer to an existing neighborhood.

Yours truly,

DAVID J. POLLOCK
